**DETAILED ACTION**

1. This communication is responsive to amendment filed on November 17, 2006.

Claims 1-13 have been cancelled. Claims 14-33 are newly added claims. Claims 14-33 are pending examination.

**Election/Restriction**

2. Restriction to one of the following is required under 35 U.S.C. 121:

- I. Claims 14-20 are drawn to a portable bar code scanner for creating consumer's shopping list prior to entering a store classified in class 705, subclass 26.
- II. Claims 21-27 are drawn to a printed product catalog for consumer's shopping convenience classified in class 705, subclass 27.
- III. Claims 28-33 are drawn to a printed product advertisement classified in class 705, subclass 14.

The inventions are distinct, each from the other because of the following reasons:

**Subcombination-Usable Together**

3. Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a portable bar code scanner. Invention II has separate utility such as a printed product catalog. Invention III has separate utility such as a printed product advertisement. See MPEP § 806.05(d).

Art Unit: 3627

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
